

itiatives, that supports efforts of Member States to implement the Global Compact. It allows Member States, the United Nations and other relevant stakeholders, including the private sector and philanthropic foundations, to contribute technical, financial and human resources on a voluntary basis in order to strengthen capacities and foster multi-partner cooperation. The capacity-building mechanism will consist of:

(a) A connection hub that facilitates demand-driven, tailor-made and integrated solutions, by:

(i) Advising on, assessing and processing country requests for the development of solutions;

(ii) Identifying main implementing partners within and outside of the United Nations system, in line with their comparative advantages and operational capacities;

(iii) Connecting the request to similar initiatives and solutions for peer-to-peer exchange and potential replication, where existing and relevant;

(iv) Ensuring effective set-up for multi-agency and multi-stakeholder implementation;

(v) Identifying funding opportunities, including by initiating the start-up fund;

(b) A start-up fund for initial financing to realize project-oriented solutions, by:

(i) Providing seed funding, where needed, to jumpstart a specific project;

(ii) Complementing other funding sources;

(iii) Receiving voluntary financial contributions by Member States, the United Nations, international financial institutions and other stakeholders, including the private sector and philanthropic foundations;

(c) A global knowledge platform as an online open data source, by:

(i) Serving as a repository of existing evidence, practices and initiatives;

(ii) Facilitating the accessibility of knowledge and sharing of solutions;

(iii) Building on the Global Forum on Migration and Development Platform for Partnerships and other relevant sources

44. We will implement the Global Compact in cooperation and partnership with migrants, civil society, migrant and diaspora organizations, faith-based organizations, local authorities and communities, the private sector, trade unions, parliamentarians, national human rights institutions, the International Red Cross and Red Crescent Movement, academia, the media and other relevant stakeholders.

45. We welcome the decision of the Secretary-General to establish a United Nations network on migration to ensure effective and coherent system-wide support for implementation, including the capacity-building mechanism, as well as follow-up and review of the Global Compact, in response to the needs of Member States. In this regard, we note that:

(a) IOM will serve as the coordinator and secretariat of the network;

(b) The network will fully draw from the technical expertise and experience of relevant entities within the United Nations system;

(c) The work of the network will be fully aligned with existing coordination mechanisms and the repositioning of the United Nations development system.

46. We request the Secretary-General, drawing on the network, to report to the General Assembly on a biennial basis on the implementation of the Global Compact, the activities of the United Nations system in this regard, as well as the functioning of the institutional arrangements.

47. Further recognizing the important role of State-led processes and platforms at the global and regional levels in advancing the international dialogue on migration, we invite the Global Forum on Migration and Development, regional consultative processes and other global, regional and subregional forums to provide platforms to exchange experiences on the implementation of the Global Compact, share good practices on policies and cooperation, promote innovative approaches, and foster multi-stakeholder partnerships around specific policy issues.

Follow-up and review

48. We will review the progress made at the local, national, regional and global levels in implementing the Global Compact in the framework of the United Nations through a State-led approach and with the participation of all relevant stakeholders. For follow-up and review, we agree on intergovernmental measures that will assist us in fulfilling our objectives and commitments.

49. Considering that international migration requires a forum at the global level through which Member States can review the implementation progress and guide the direction of the work of the United Nations, we decide that:

(a) The High-level Dialogue on International Migration and Development, currently scheduled to take place every fourth session of the General Assembly, shall be repurposed and renamed “International Migration Review Forum”;

(b) The International Migration Review Forum shall serve as the primary intergovernmental global platform for Member States to discuss and share progress on the implementation of all aspects of the Global Compact, including as it relates to the 2030 Agenda for Sustainable Development, and with the participation of all relevant stakeholders;

(c) The International Migration Review Forum shall take place every four years beginning in 2022;

(d) The International Migration Review Forum shall discuss the implementation of the Global Compact at the local, national, regional and global levels, as well as allow for interaction with other relevant stakeholders with a view to building upon accomplishments and identifying opportunities for further cooperation;

(e) Each edition of the International Migration Review Forum will result in an intergovernmentally agreed

Progress Declaration, which may be taken into consideration by the high-level political forum on sustainable development.

50. Considering that most international migration takes place within regions, we invite relevant sub-regional, regional and cross-regional processes, platforms and organizations, including the United Nations regional economic commissions or regional consultative processes, to review the implementation of the Global Compact within the respective regions, beginning in 2020, alternating with discussions at the global level at a four-year interval, in order to effectively inform each edition of the International Migration Review Forum, with the participation of all relevant stakeholders.

51. We invite the Global Forum on Migration and Development to provide a space for annual informal exchange on the implementation of the Global Compact, and to report the findings, best practices and innovative approaches to the International Migration Review Forum.

52. Recognizing the important contributions of State-led initiatives on international migration, we invite forums such as the IOM International Dialogue on Migration, regional consultative processes and others to contribute to the International Migration Review Fo-

rum by providing relevant data, evidence, best practices, innovative approaches and recommendations as they relate to the implementation of the Global Compact for Safe, Orderly and Regular Migration.

53. We encourage all Member States to develop, as soon as practicable, ambitious national responses for the implementation of the Global Compact, and to conduct regular and inclusive reviews of progress at the national level, such as through the voluntary elaboration and use of a national implementation plan. Such reviews should draw on contributions from all relevant stakeholders, as well as parliaments and local authorities, and serve to effectively inform the participation of Member States in the International Migration Review Forum and other relevant forums.

54. We request the President of the General Assembly to launch and conclude, in 2019, open, transparent and inclusive intergovernmental consultations to determine the precise modalities and organizational aspects of the International Migration Review Forums and articulate how the contributions of the regional reviews and other relevant processes will inform the Forums, as a means to further strengthen the overall effectiveness and consistency of the follow-up and review outlined in the Global Compact.
